Attachments: 3965_001.pdf

Dear Cara: Having reviewed the attached request by OTP to serve this commercial site near Enderlin for Plains, Grain and Agronomy LLC, CCEC will not object to the application for granting temporary authority to provide electric service. However, for purposes of clarification, Cass County Electric would also note that it does have electric facilities within ½ mile of the proposed project site. The Cooperative respectfully requests the application for temporary authority be changed to show the correct location of the Cooperative's electric plant as being within ½ mile vs. what Otter Tail has stated as 1 mile.

We do request and reserve the right to comment on the request for permanent service authority by OTP.

If you have any questions, please don't hesitate to contact us at your convenience.

Sincerely,

Bradley J Schmidt PE

Subject: Temporary Authority Permit

Please find attached a request from Otter Tail Power Company for temporary authority to extend electric services to Plains, Grain and Agronomy LLC in Ransom County, North Dakota.

Please review this request as soon as possible and let me know whether the Cooperative will protest the application.

Thank you for your attention in this matter.
