Judge Hoberg

As you probably know because of our power issues here at the capitol, our network, phones and printers are down. Because I will be out of town Wednesday, Thursday and Friday, and due to our lack of knowledge concerning the return of our usual network service, Mr. Bjella was OK with extending the reply and order submission due date one week. If acceptable the reply brief and the proposed order will now be due by end of the business day January 25 2011. I apologize for this inconvenience.

Mark Gruman
