RE: Addendum II to a Class I and Class III Cultural Resource Inventory of the Bakken North Pipeline, Williams County, North Dakota

Dear Mr. Picha:

Enclosed is a report entitled *Addendum II to a Class I and Class III Cultural Resource Inventory of the Bakken North Pipeline, Williams County, North Dakota*. This report documents the cultural resource inventory of a reroute of the Bakken North Pipeline Project, performed by SWCA Environmental Consultants (SWCA), on behalf of Plains All-American Pipeline, LP (PAA). The surveyed reroute was designed to avoid a private home, at the request of the landowner, located in Sections 15 and 22, Township 155 North, Range 102 West, Williams County, North Dakota. No cultural resources were observed during the course of the reroute inventory. A previous report entitled *A Class I and Class III Cultural Resource Inventory of the Bakken North Pipeline, Williams County, North Dakota (ND SHPO REF:11-2132)*, was submitted to the State Historical Society of North Dakota (SHSND) on July 22, 2011. The SHSND concurred with SWCA's findings in a letter dated July 27, 2011. Additionally, another reroute addendum was submitted for this project on October 14, 2011; SHSND concurred with the findings on October 18, 2011.

The cultural resource inventory is required as part of PAA's permit application to the North Dakota Public Service Commission.

Please notify SWCA of the results of your review. Thank you in advance for your time.

Sincerely,

A handwritten signature in blue ink, appearing to read "Judith R. Cooper".

Judith R. Cooper, Ph.D.
Cultural Resources Lead/Principal Investigator
