Crude Oil Pipeline- Williams County
Siting Application

Case No. PU-10-637

NOTICE OF FILING AND NOTICE OF HEARING

March 24, 2011

On February 11, 2011, Rangeland Pipeline, LLC (Rangeland) filed applications for a certificate of corridor compatibility and a route permit to authorize construction for approximately 20 miles of 8-inch crude oil pipeline in Williams County, North Dakota, as shown on the attached map. Rangeland also filed a request for waiver of procedures and time schedules established under North Dakota Century Code Chapter 49-22 and North Dakota Administrative Code Chapter 69-09-06. The Commission finds the applications are complete.

A **Public Hearing** on the applications is scheduled to begin **May 20, 2011 at 10 a.m. CDT, Tioga City Hall, 12 1st Street NE, Tioga, North Dakota, 58852.** The issues to be considered are:

1. Is the proposed facility of such length, design, location, or purpose that it will produce minimal adverse effects, or, does a demonstrable emergency exist which requires immediate construction and that adherence to the procedures and time schedules would jeopardize the utility's system?
2. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
3. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
4. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
