RE: ND SHPO REF. 11-0446

Dear Mr. Picha,

Attached is an Unanticipated Discovery Plan prepared by SWCA on behalf of Barr Engineering, for the proposed Rangeland Pipeline COLT Connector Pipeline project in Williams County, North Dakota (ND SHPO REF. 11-0446). A Class I and Class III cultural resources report (SWCA Report No. 11-02) was submitted for the project on January 26, 2011. Upon accepting the report and concurring with the project determinations, SHPO encouraged and recommended that an "Unanticipated Discovery Plan for Cultural Resources" be prepared for the project (ND SHPO REF. 11-0446a, correspondence dated January 27, 2011).

SWCA requests review and concurrence of the attached Unanticipated Discovery Plan. Please let me know if you have any questions or suggested revisions to the document.

Sincerely,

A handwritten signature in black ink, appearing to read "Judith R. Cooper".
