To whom it may concern,

Last week you were sent a copy of the Notice of Receipt of Renewal and Revision Applications for applications submitted by the Falkirk Mining Company for Surface Coal Mining Permit No. NAFK-8405, PSC Case Numbers RC-10-654 and RC-10-655. This permit covers lands located in:

All or portions of Section 3, T145N, R82W; Sections 6, 7, and 18, T146N, R81W; and Sections 1, 2, 8, 9, 10, 11, 12, 13, 14, 15, 16, 21, 22, 23, 24, 26, 27, 34, and 35, T146N, R82W, McLean County, totaling 8,776.6 acres.

This is to let you know that the revision number shown in that notice was incorrect. The notice should have referred to **Revision No. 27**, rather than Revision No. 17. The renewal application number was correctly shown as Renewal No. 5. As stated in the notice, this revision identifies the next 5-year coal removal subarea within Permit No. NACT-8405 and updates other materials in the permit including legal information and the operation and reclamation plans. Any written comments, objections, or requests for informal conference on these applications must be submitted by March 28, 2011.

I apologize for any inconvenience that this error may have caused. If you have any questions, please contact our office.

Sincerely,

James R. Deutsch
Director
Reclamation Division
