John,

Please docket this email in the above referenced cases. Also, while Sara was not under the PSC's employ during the initial rate case and therefore not assigned specifically to Staff Advocacy, please note that she is working under my supervision and I am assigned to the Staff Advocacy in these cases. Therefore, please accept this email as validation that NSP's compliance filing for the 2012 revenue true-up adjustment complies with the commission order and we recommend the application be approved. Mike

This is to acknowledge that I reviewed the workpapers for this filing as well as the workpapers provided by the Company in the compliance filing to implement the final rates in the case(s) and determined that the Company used the same weatherization methodology in calculating this refund as used in the case.

Please let me know if you have any questions.
