The current 507.44-acre permit area is located in portions of Sections 2, 3 and 12, T130N R99W. Revision No. 7 proposes to add 149.28 acres in the SE¼ of Section 35 T131N, R99W, Bowman County, to the existing mining permit. This additional area will be used for Leonardite mining operations in support of the processing facility located near Gascoyne, ND.

The permit area is located 3.5 miles west of Reeder, North Dakota and is found on the Gascoyne and Scranton NE USGS Quadrangle Maps. The permit area and location of the city of Reeder is shown on the attached map.

The owner of the surface and coal for the amendment area is Edwin Tompkins.

Planned access to the amendment area would be from 127th Ave SW approximately ½ mile north of Highway 12. In addition, ACC plans to conduct operations within 100 feet of the outside right-of-way of 127th Ave SW. ACC has requested a Road Use Permit from Fischbein Township to use the existing roadway for those portions located on the east side of the SE¼ of Section 35, T131N R99W. ACC has also requested a permit which will allow disturbances during the mining and reclamation activities within 100 feet of the outside right-of-way of 127th Ave SW.

A copy of the Revision Application is available for public inspection at the office of the North Dakota Public Service Commission, 600 East Boulevard Ave, Dept. 408, Bismarck, ND 58505-0480, and at the office of the County Auditor, Bowman County, Bowman, ND.
