On February 8, 2011, NSP filed an application to increase its rates for electric utility service to provide additional 2012 test year annual revenue of \$4,226,000 or 2.57%, Case No. PU-11-55. On June 22, 2011, the Commission issued a Notice of Rescheduled Hearing scheduling a public hearing on Case No. PU-10-657 and Case No. PU-11-55 beginning October 18, 2011 at 8:30 a.m. CDT in the Commission Hearing Room, State Capitol, 12th Floor, Bismarck, North Dakota 58505. The notice identified issues to be considered in this matter include: 1. What is the value of NSP's property, used and useful, for the service and convenience of the public in North Dakota? 2. What is NSP's rate of return on its property, used and useful, for the service and convenience of the public in North Dakota? 3. What is a just and reasonable rate of return on NSP's property, used and useful, for the service and convenience of the public in North Dakota? 4. If, after hearing, the Commission does not approve and adopt the Settlement Agreement in full resolution of the three cases, further Commission proceedings may be required.
