Bison 2 Wind Project Case No. PU-11-57  
Bison 3 Wind Project Case No. PU-11-162  
Bison 4 Wind Project Case No. PU-13-127

Dear Mr. Kahl:

Minnesota Power and ALLETE Clean Energy (“ALLETE”) are writing to provide the North Dakota Public Service Commission (“Commission”) written notice that the DeTect Aircraft Detection and Light System (“ADLS”) is installed, operating and functioning for the wind facilities in the above-referenced case numbers in compliance with North Dakota Century Code Section 49-22-16.4(3) and North Dakota Administrative Code Chapter 69-06-11. After a safety delay due to inclement weather, ALLETE conducted a successful night test flight on December 28, 2021 and the ADLS is now activated and fully functional.

If you have any questions or if the Commission requires any additional information, please contact me at 218-723-3963 or [dmoeller@allete.com](mailto:dmoeller@allete.com).
