Ron—we are fine with this agreement as written. I'll update you on our status after our informal hearing at the PSC this afternoon. I will tell the PSC that we and ND DOT have agreed on language for an agreement that would allow the turbine to remain in place with an indemnity from Capital Power, subject to the PSC's decision to allow that. Does that work for you?

Paul

Ron—we accepted your changes, and made a clarifying edit in the attached. Let us know if this works.  
Thanks.

Paul
