Re: New Frontier Wind Energy Project
Use of Bjornson Township Right-of-Way

To: Armann Anderson

Dear Armann,

Per our discussion regarding the New Frontier Wind Energy Project ("Project") and Bjornson Township's permitting for right-of-way use and the requirements of the Road Use and Maintenance Agreement, dated March 20, 2012, between Bjornson Township and Meadowlark Wind I LLC, I'm providing you with the location of the all new Project driveways, subsurface utility installation, and/or transmission line installation that approach (in the case of driveways), cross, or otherwise occupy right-of-way jurisdictional to Bjornson Township. The details of the locations are captured in the attached map.

Meadowlark Wind I LLC requests that an authorized Bjornson Township representative confirm that Meadowlark Wind I LLC has obtained all necessary right-of-way approvals from Bjornson Township with respect to the Project's driveways, subsurface utility installation, and/or transmission line installation. We look forward to your response.

Sincerely,

A handwritten signature in cursive script that reads "Cyrus M Tingley".

Cyrus M Tingley
Project Manager

E: ctingley@capitalpower.com

Bjornson Township:

On behalf of Bjornson Township, I confirm that the above letter accurately reflects the understanding of the Bjornson Township with respect to the right-of-way approvals for the Project.
