Subject:	<b>Reclamation List for April 2011</b>

Attached for your review and action is a list of assigned central office codes for which Part 4 forms have not been received during the six-month period following the original code assignment effective date. This list supplements the information provided to you in previous months.

Receipt of the Part 4 form indicates that the code holder has placed the assigned central office code in service. The Federal Communications Commission's NRO order authorized state commissions to decide the disposition of these codes. For example, you could instruct NANPA to reclaim these codes, or you could extend the time the service providers have to put the codes in service. Please review the attached Reclamation List and review the Central Office Code Reclamation State Processes posted on the NANPA web site ([www.nanpa.com](http://www.nanpa.com)). Per the Central Office Code Reclamation Management State Processes, please forward copies of all approved Part 4 forms to me and if you have any questions, please call me at 571-434-5513. This e-mail is to notify you that there were no codes relevant to your jurisdiction generated on a reclamation list for this month. Therefore, no response is required at this time.

Should you have any questions, please contact me at 571-434-5513.

Thank you,

Beth Sprague
