Subject: Staff Approval of Route Deviation PU-11-232

Mr. Watts & Mr. Bjella,

Please consider this email as approval of Enbridge Pipelines (North Dakota) LLC request for a route deviation. The deviation includes shifting the tank alignment from being parallel with State Highway 2 to being parallel with the BNSF railroad and adds a third 150,000 barrel tank and associated facilities as indicated in the October 1, 2012 filing in Case No. PU-11-232. A preconstruction conference will not be necessary. Please let me know if you have any questions. Chris
