NORTH DAKOTA FOREST SERVICE

"To care for, protect and improve forest and natural resources to enhance the quality of life for present and future generations."

January 2, 2014

Sara Ploetz, Environmental Analyst II
1409 Hammond Avenue
Superior, WI 54880

Dear Ms. Ploetz,

I'm writing to you to update you on the progress of the North Dakota Mitigation Tree Planting Partnership Program between the North Dakota Forest Service and Enbridge Pipelines (North Dakota) LLC, the approved program to replace trees and shrubs to comply with the North Dakota Public Service Commission mitigation requirements. This three-year program is being financed through an award from Enbridge Pipelines (North Dakota) LLC to the North Dakota Forest Service. The project ending date is December 31, 2016.

The program was initiated by the North Dakota Forest Service on June 30, 2013, following the receipt of the tree planting mitigation payment of \$11,833. Excellent progress has been made in the implementation of the Mitigation Tree Planting Partnership Program in cooperation with local soil conservation districts, eligible landowners and private tree planting vendors, with many of the trees and shrubs already scheduled to be installed during the 2014 spring tree planting season.

Thank you for the opportunity to assist Enbridge Pipelines (North Dakota) LLC with its mitigation tree planting obligations set forth by the North Dakota Public Service Commission. Please do not hesitate to contact our office if you need further assistance or information.

Sincerely,

Larry A. Kotchman
State Forester
