NOTICE OF AVAILABILITY ANNUAL DRINKING WATER COMPLIANCE REPORT FOR 2010 NORTH DAKOTA DEPARTMENT OF HEALTH

The federal Safe Drinking Water Act (SDWA) has been in existence since 1974. The 1996 amendments contain many new provisions, several of which are intended to improve consumer awareness on drinking water compliance issues. One provision requires states to prepare and submit to the U.S. Environmental Protection Agency (EPA) an annual compliance report on public water system (PWS) violations within the state.

The North Dakota Department of Health (NDDH) has developed an annual drinking water compliance report for calendar year 2010. The report identifies all SDWA violations incurred by North Dakota PWSs in 2010, and includes violations that were determined in 2011 based on 2010 monitoring data.

Copies of North Dakota's Annual Drinking Water Compliance Report for 2010 may be obtained by writing to the NDDH, Division of Municipal Facilities, 918 E Divide Ave, 3rd Floor, Bismarck, ND 58501-1947, or by calling the Division of Municipal Facilities at 701.328.5211.

A summary of the report can be viewed at: <http://www.ndhealth.gov/MF>
