ORDER APPROVING ELECTRIC SERVICE AREA AGREEMENT

September 7, 2011

On June 20, 2011 Montana-Dakota Utilities Co. (MDU) and Mountrail-Williams Electric Cooperative (Mountrail-Williams) filed a joint application for approval of a Service Area Agreement to establish service areas and designate service locations to be served by MDU and Mountrail-Williams within and around the City of Williston, North Dakota. MDU further requested that MDU be issued a certificate of public convenience and necessity authorizing it to extend service to locations within the MDU service area set forth in the agreement.

On July 13, 2011 the Commission issued a Notice of Filing, Notice of Informal Hearing and Notice of Opportunity for Hearing, which provided until August 23, 2011 for receiving written comments or hearing requests. No response has been received. The notice identified the issues to be considered in this proceeding as whether the Service Area Agreement complies with section 49-03-06 of the North Dakota Century Code (N.D.C.C.) and whether the approval of the Service Area Agreement and resulting certificate issuance are compatible with the public interest.

On August 24, 2011 the Commission discussed the issues with Commission staff and the applicants at an informal hearing. The applicants contend that the agreement will:

1. Avoid misunderstanding and disagreement over areas to be served by each party;
2. Accomplish the legislative intent of N.D.C.C. section 49-03-06 to encourage harmony and operational efficiency among electric providers, promote safety, discourage unreasonable duplication of electric facilities, assure adequate and reliable electric service and provide antitrust immunity to the electric providers; and

3. Provide both parties with equitable participation in the provision of electric distribution service within undeveloped areas annexed to the City of Williston during the term of the agreement.

Having considered this matter the Commission finds that the Service Area Agreement complies with N.D.C.C. section 49-03-06 and that approval of the Service Area Agreement and resulting certificate issuance are compatible with the public interest. Therefore, the Commission issues the following:

Order

The Commission Orders:

1. The electric service area agreement filed jointly by Montana-Dakota Utilities Co. and Mountrail-Williams Electric Cooperative is APPROVED.
2. Montana Dakota Utilities Co. is issued Certificate of Public Convenience and Necessity No. 5442 authorizing the provision of electric service to customers within the agreed upon service area around the city of Williston.
