**SUBJECT: Thunder Spirit Wind Energy Project, Adams County, ND (Case No. PU-11-601)**

Dear Mr. Lein,

On behalf of Global Winds Harvest, Tetra Tech is pleased to provide you one original and ten copies of the Application for a Certificate of Site Compatibility for the Thunder Spirit Wind Energy Project. A CD with electronic copy is also enclosed for your convenience. A wetland delineation and cultural resources inventory have also been completed for the project and project facilities have been microsited to minimize impacts. A summary of cultural findings has been included in the Application (the full cultural report will not be submitted to the PSC as it contains sensitive information). The wetlands delineation report will be submitted to the PSC once it is complete. Additionally, Thunder Spirit is conducting other avian surveys as well as a Bird and Bat Conservation Strategy. These reports will also be submitted to the PSC upon completion.

Please feel free to contact me at (617) 443-7552 or [Tracey.Dubuque@tetrattech.com](mailto:Tracey.Dubuque@tetrattech.com) if you have any questions. We look forward to your comments.

Sincerely,

**TETRA TECH EC, INCORPORATED**
