Re: Thunder Spirit Wind, LLC
Case No. PU-11-601

Commissioners:

On November 13, 2014, we each submitted letters to the North Dakota Public Service Commission ("Commission") with respect to the above matter in which we requested a hearing based on the failure of Thunder Spirit Wind, LLC ("TSW") to close on the purchase of our property at the site of TSW's permitted wind energy facility in Adams County. TSW filed objections to our request on November 25, 2014. Since that time, we reached agreement with TSW to extend the time period for closing, and a closing on the sale has now occurred as originally agreed.

As a result, we are withdrawing our November 13, 2014 requests for hearing and we are waiving any right to ask the Commission to take any further action with respect to TSW or its permitted facility based on those letters. Please terminate any proceedings or actions you may have commenced as a result of our requests. We appreciate your consideration in this matter.

Yours truly,

William C. Elder
