RE: Clean Energy #1 - Requested Order Provision Change
Case No. PU-11-662 & PU-17-302

Mr. Lein,

On August 29, 2012 the North Dakota Public Service Commission (PSC) approved a Certificate of Site Compatibility (Certificate) for the Clean Energy #1 Wind Project (Project). As part of that Certificate, a CERTIFICATION RELATING TO ORDER PROVISIONS- ENERGY CONVERSION FACILITY SITING (Order Provisions) was included. ALLETE Clean Energy respectfully requests amending Order Provision 34 from its original language:

“Company understands and agrees that it shall inform the Commission in writing of any plans to modify the energy conversion facility, or of any plans to modify the site plan for the energy conversion facility. Company understands and agrees to obtain written approval from the Commission prior to any modifications to the site plan or the energy conversion facility, associated facilities and roadway locations. Approval may be granted after notice and opportunity for hearing.”

To the revised language below removing the final sentence of Order Provision 34:

“Company understands and agrees that it shall inform the Commission in writing of any plans to modify the energy conversion facility, or of any plans to modify the site plan for the energy conversion facility. Company understands and agrees to obtain written approval from the Commission prior to any modifications to the site plan or the energy conversion facility, associated facilities and roadway locations.”

If the PSC requires additional information from ALLETE Clean Energy to approve this request please let me know. Thank you for your consideration in this matter. The original and copies for each Case will sent via U.S. Mail to the address above.

Respectfully submitted,

Daniel McCourtney
ALLETE Clean Energy
