**Subject:** ONEOK Rockies Midstream - Stateline NGL Pipeline Project Review Request  
**Attachments:** ONEOK\_StatelineNGPL\_Corridor24k\_ND 10252011.pdf

Dear Ms. Duttenhefner,

ONEOK Rockies Midstream, L.L.C. (ONEOK), a subsidiary of ONEOK Partners, LP, Tulsa, Oklahoma, has proposed the construction of the Stateline NGL Pipeline. This project is designed to transport natural gas liquids (NGL) a distance of approximately 53.7 miles from its origin at the ONEOK Stateline 1 & 2 Gas Plants in Williams County, North Dakota to the ONEOK Riverview Terminal in Richland County, Montana. The project is currently scheduled to begin construction in April 2012 and will continue for approximately 3 to 6 months with restoration to immediately follow.

The proposed project covers a distance of approximately 12.8 miles in Williams County, North Dakota. The proposed route is described below as well as on the attached topographic maps.

In Williams County, North Dakota the pipeline crosses:

- Township 154N, Range 103W Sections 5, 6, 7, 18, 19,
- Township 154N, Range 104W Sections 24, 25, 26, 35,
- Township 153N, Range 104W Sections 2, 10, 11,
- Township 155N, Range 103W Sections 21, 28, 32, 33

Pipeline construction activities will typically occupy a 100-foot right of way. Following construction, the pipeline will occupy a 50-foot permanent right of way.

The purpose of this request is to compile the North Dakota Parks and Recreation Department's (Department) comments on environmental topics that are relevant to the North Dakota Public Service Commission's (PSC) siting requirements for Energy Transmission Facility Siting. It is our understanding that the Department administers the following state programs:

- State Park Lands
- Land and Water Conservation Fund
- Natural Heritage Inventory

We request a review of the proposed corridor and route (see attached maps) for the presence or absence of any lands, projects, and sensitive species that fall under the purview of these programs.

E3 Environmental, LLC has been retained by ONEOK to provide environmental consulting support for this project. Should you have any questions or require additional information, please contact me at 651.282.0655 or [asampson@go2e3.com](mailto:asampson@go2e3.com).

Sincerely,

**Andrea Sampson, Associate Consultant**
