PUBLIC SERVICE COMMISSION

ONEOK Rockies Midstream, L.L.C.  
Stateline to Riverview NGL Pipeline – Williams County  
Siting Application

Case No. PU-11-683

OAH File No. 20120056

NOTICE OF FILINGS AND NOTICE OF HEARING

February 17, 2012

On December 22, 2011, ONEOK Rockies Midstream, L.L.C. (ONEOK) filed an application for a certificate of corridor compatibility and an application for a route permit to authorize the construction and operation of approximately 13 miles of 10.75-inch natural gas liquids pipeline. The pipeline will be constructed from ONEOK's Stateline 1 and 2 Gas Processing Plants near Williston, North Dakota to the North Dakota and Montana boundary, in Williams County, North Dakota. The pipeline will continue to the ONEOK's Riverview Terminal in Richland County, Montana, near Sidney. The total length of the proposed pipeline is approximately 53 miles. The project is shown on the attached map.

ONEOK also filed an application for waivers of procedures and time schedules including:

- procedures that require separate filings of applications for a certificate of corridor compatibility and a route permit,
- procedures that require separate notices of an application for waivers, an application for a certificate of corridor compatibility and an application for a route permit, and
- procedures that require separate hearings on such applications.

The Commission finds the applications are complete.

A Public Hearing on the applications is scheduled to be held on **March 23, 2012 beginning at 10 a.m. CDT at City Hall, 22 E Broadway, Williston, North Dakota, 58801.**

The issues to be considered in ONEOK's application for waiver of procedures and time schedules:

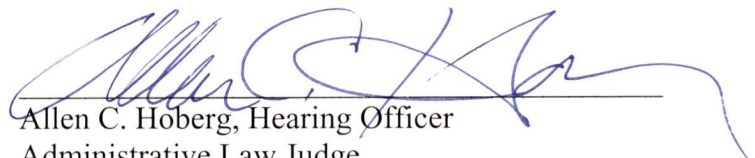

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects such that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues to be considered in ONEOK's applications for certificate of corridor compatibility and route permit:

1. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
