Subject: Structure relocation request, Case No. PU-11-696.

Chris:

Please consider this email as staff approval of the three requests for structure relocations along the AVS to Neset 345 kV Transmission line filed November 13, 2014 and described below:

Request #1: Four structures in T145N, R98W:

Structure # 294-001 shifts approximately 20 feet west and a new structure # 294-01A is added, all along the previously approved alignment within the Charlie Creek Substation in Section 34.

Structure # 294-010 shifts approximately 20 feet west and 20 feet south and Structure # 294-011 shifts approximately 40 feet west and 15 feet south, all in section 35.

Request #2: Two structures in T145N, R95W, S4:

Structure # 294-112 shift approximately 20 feet NW and Structure # 294-113 shift approximately 30 feet NW, both along the previously approved alignment.

Request #3: One structure in T145N, R96W, S1:

Structure # 294-095 shift approximately 100 feet west along the previously approved alignment.

If you have any questions, please let me know.

Thank you

Jerry Lein
701 328-10351
