Basin Electric Power Cooperative
AVS to Neset 345-kV Transmission Project Siting Application
PU-11-696

Dear Mr. Nitschke:

Enclosed you will find an original and ten (10) copies of structure locations for the project segment that is located between the Judson and Neset Substations of the AVS to Neset 345-kV Transmission Project. The engineering drawings have been filed electronically to the PU-11-696 Docket and is also contained within the enclosed electronic CD.

The structure locations are all within the established corridor as reflected in the amended Corridor Certificate No. 152 and the fourth Amended Route Permit No. 164.

For inquiries regarding the submittal, please contact myself at (701) 557-5635.

Sincerely,

A handwritten signature in black ink that reads "Cris Miller".
