Subject: RE: PU-11-696 Underground Incident Report

Hi Cris,

I have reviewed this incident with Mr. Kalk and ONEOK.

As you stated in the letter, Basin was an is in compliance with the One-Call law. You may consider this email your 'approval from the commission' regarding this incident. However, as you did mention Basin will need to submit and await approval of a structure relocation request in order to move that structure from the original planned location.

Thanks,

Victor Schock
