Received.

I will schedule this for Friday, May 2 or Saturday, May 3 and May 5 for Fargo.

By the way, we will be out of the office next Thursday and Friday for the newspaper convention. Since it is in Bismarck, I will be trying to check my emails, but I can't guarantee the notices would get placed before Monday.

**NOTICE OF OPPORTUNITY FOR HEARING**

**April 23, 2013**

On March 21, 2012 the Commission issued Certificate of Public Convenience and Necessity Number 5465 to Northern States Power Company (NSP) to construct and operate a proposed 230 kV Peace Garden Switching Station and 300 feet of 230 kV electric transmission line to interconnect the proposed Border Winds Energy Project to the existing 230 kV Rugby-to-Glenboro transmission line in Rolette County, North Dakota.

On March 12, 2014 NSP filed a Petition for Modification Or Amendment to Certificate of Public Convenience and Necessity Number 5465 to extend facilities necessary to relocate the Peace Garden Switching Station approximately two miles directly north of the permitted location to 10756 52<sup>nd</sup> Ave North East, Rolla, North Dakota.

The issues to be considered in this matter are:

1. Whether public convenience and necessity will be served by construction and operation of the facilities.
2. Whether the applicants are fit, willing and able to provide service.

Those interested are invited to comment on the applications in writing. Persons desiring a hearing must file a written request identifying their interest in the proceedings and the reasons for requesting a hearing. Comments and requests for hearing must be received by **May 30, 2014**. If deemed appropriate, the Commission can determine the matter without a hearing.
