Mr. Hartleben,

Here is the State of North Dakota Temporary Water Use Permit for the pipeline hydrotesting that I overlooked in the series of emails I previously sent you on permits.

Jim Fleetwood  
Project Engineer  
Rocky Mountain Pipeline Division  
Office: (307) 472-9911  
Cell: (307) 315 - 0574

**Permit Number - ND2012-14337**

**State of North Dakota  
Temporary Water Permit  
SWC Project No. 1400A**

In response to an application for a temporary water permit dated May 11, 2012 as received in this office May 17, 2012, authority is hereby granted to:

Pro Pipe Cororation  
P.O. Box 307  
Frenchtown, MT 59834-0307  
Contact Person: Ron Marsh

Telephone (406) 239-0996

**A Temporary Water Permit as follows:**

**Source:** Un-named pond

**Point of Diversion:** NW1/4 Sec. 15 Twp. 156 Rng. 093

**Nature of Use:** Hydrostatic testing

**Total Quantity of Water:** 9,200.0 Barrels

**Maximum Withdrawal Rate:** 700.0 gpm

**Period of authorized useage:** Jul 15, 2012 through Oct 30, 2012

**Conditions**

This temporary water permit is granted subject to use from the source by senior appropriators. Permission for access to the source must be obtained from all affected landowners. Failure to comply with any order of the State Engineer may result in forfeiture of this permit. The granting of a temporary water permit does not create a water right.

The Total Quantity of Water listed above is equivalent to 1.19 acre-feet.

The State Engineer may impose restrictions pertaining to a minimum level in this un-named pond.

The use of the water authorized by this Temporary Water Permit shall be limited to activities associated with the hydrostatic testing of a new 10-inch diameter pipeline. Any other use is unauthorized and will result in the forfeiture of this temporary water permit.

A weatherproof copy of this Temporary Water Permit must be attached the equipment withdrawing water and must be available for inspection by representatives of the State Engineers Office or the State Water Commission.

Dated: Jun 21, 2012
