RE: APPLICATION OF NORTHERN STATES POWER COMPANY, A MINNESOTA CORPORATION, FOR TRADE SECRET PROTECTION FOR THE PROPOSED POWER PURCHASE AGREEMENT WITH GERONIMO WIND ENERGY, LLC
CASE NO. PU-12-_____

Dear Mr. Nitschke:

Northern States Power Company, a Minnesota corporation (“Xcel Energy” or the “Company”), operating in North Dakota, respectfully submits: (1) an original and seven (7) copies of the enclosed Application for Trade Secret Protection; (2) an original and seven (7) copies of the public version of our Advanced Determination of Prudence Application for the proposed Power Purchase Agreement (“PPA”) with Geronimo Wind Energy, LLC; and (3) one (1) copy of the trade secret version of the ADP Application, which has been placed in a sealed envelope and labeled “**TRADE SECRET – PRIVATE.**”

Under this PPA, the Company will purchase 200 MW of electric energy from Geronimo Wind at its Prairie Rose Wind Project. The Project is located in Rock and Pipestone Counties, Minnesota and the Project will be placed into service by the end of 2012.

The filing contains cost information, contract terms and internal modeling results as discussed in our attached application. We believe that disclosure of this information will provide economic value to potential vendors, contractors and suppliers and as a result could result in higher costs for our customers if this information is disclosed.

NORTHERN STATES POWER COMPANY, A
MINNESOTA CORPORATION,

CASE No. PU-12-_____

NORTHERN STATES POWER COMPANY, A
MINNESOTA CORPORATION
IN THE MATTER OF AN APPLICATION FOR
ADVANCE DETERMINATION OF PRUDENCE
FOR A POWER PURCHASE AGREEMENT
WITH GERONIMO WIND ENERGY, LLC

APPLICATION FOR TRADE SECRET PROTECTION

Northern States Power Company, a Minnesota corporation (“Xcel Energy” or the “Company”), respectfully requests the North Dakota Public Service Commission (the “Commission”) enter a trade secret protective order pursuant to § 69-02-09-01 et seq. of the North Dakota Administrative Code in the above referenced case. The purpose of the requested protective order is to protect against public disclosure of trade secret and commercial information as defined by N.D.C.C. § 44-04-18.4 from disclosure pursuant to N.D.C.C. § 44-04-18 and any other public disclosure laws as may be applicable.

1. A general description of the nature of the information sought to be protected.

The information for which the Company seeks protection includes cost information, contract terms and internal modeling results regarding the power purchase agreement (“PPA”) with the Geronimo Wind Energy, LLC (“Geronimo Wind”) as marked in our Application for Advance Determination of Prudence in the above-referenced case.

The Company states the information sought to be protected, as described above, is “information pertaining to buying and selling of goods and services that has not been previously publicly disclosed and that if the information were to be disclosed... would cause substantial competitive injury to the person from which the information was obtained” and is therefore “commercial information” as provided in N.D.C.C. § 44-

04-18.4(2)(a) and consequently “is confidential if it is of a privileged nature and it has not been previously publicly disclosed” pursuant to N.D.C.C. § 44-04-18.4(1).

The Company further states that the information sought to be protected, as described above, is “information... that: (1) derives independent economic value ... from not being generally known to, and not being readily ascertainable by proper means by other persons that can obtain economic value from its disclosure; and (2) is the subject of efforts that are reasonable under the circumstances to maintain the secrecy of the information” and is therefore “trade secret” as provided in N.D.C.C. § 44-04-18.4(2)(d) and consequently “is confidential if it is of a privileged nature and it has not been previously disclosed” pursuant to N.D.C.C. § 44-04-18.4(1). The Company further states that the information sought to be protected meets the definition of “trade secret” as set forth in N.D.C.C. § 47-25.1-01(4).

2. Explanation of why the information derives independent economic value, actual or potential, from not being generally known to other persons.

The information could have economic value to potential vendors, contractors and suppliers who may desire to bid for PPAs or other generation resources to the Company in the future. In particular, potential suppliers would know what the Company has paid under this PPA and, consequently, the price could potentially serve as a floor, below which no bidder would submit a price. Such a result could be harmful for the Company’s customers. Further, other utilities may use such information in negotiating with Geronimo Wind.

3. An explanation why the information is not readily ascertainable by proper means by other persons.

The confidentiality of this information has been maintained by Xcel Energy. The information is not disclosed to the public or to persons other than employees or authorized agents who need to know the information to fulfill their responsibilities in connection with the PPA or to third persons pursuant to agreement to maintain the confidentiality of the information.

The Company has requested that this information be treated as trade secret in all of its regulatory filings and other sharing of this information with governmental entities.

4. **A general description of the persons or entities that would obtain economic value from disclosure or use of the information.**

Other entities from which Xcel Energy purchases power and other utilities would obtain economic value from disclosure of this information.

5. **A specific description of known competitors and competitor's goods and services that is pertinent to the tariff or rate filing.**

See response to No. 4.

6. **A description of the efforts used to maintain the secrecy of the information.**

The Company and Geronimo Wind have both contractually agreed to maintain the confidentiality of certain provisions of the PPA. See also the response to No. 3.

In accordance with Section 69-02-09-02 of the North Dakota Administrative Code, one copy of the trade secret material is provided in the enclosed sealed envelope which is labeled: **TRADE SECRET – PRIVATE.**

Respectfully submitted this 31st day of January, 2012
