Email from Neustar, Inc. re number reclamation for
February 2012

Attached for your review and action is a list of assigned central office codes for which Part 4 forms have not been received during the six-month period following the original code assignment effective date. This list supplements the information provided to you in previous months. Receipt of the Part 4 form indicates that the code holder has placed the assigned central office code in service. The Federal Communications Commission's NRO order authorized state commissions to decide the disposition of these codes. 1 For example, you could instruct NANPA to reclaim these codes, or you could extend the time the service providers have to put the codes in service. Please review the attached Reclamation List and review the Central Office Code Reclamation State Processes posted on the NANPA web site (www.nanpa.com). Per the Central Office Code Reclamation Management State Processes, please forward copies of all approved Part 4 forms to me and if you have any questions, please call me at 571-434-5513. << File: ND Reclamation_Contact_List Jan 2012.xlsx >> << File: ND Reclamation_List Jan 2012.xlsx >>

Status

- REC Part 4 Received
- PEN Pending-under investigation or extension granted
- RCL Reclaim Code
- VRTN Voluntary Return

Note: If there is an "Y" placed under LRN or Pooling the following applies:

LRN - an LRN (local Routing Number) maybe associated with the NPA-NXX. An LRN is a 10- digit number provided to the number portability database that identifies the Service Provider to which the service has been ported

Pooling - the NPA-NXX is involved in pooling and there maybe possible customers assigned to 1000 blocks within the NPA-NXX
