RE: Revision 30 to Permit NACT-9101

Dear Mr. Deutsch:

We have reviewed the Coteau Properties Company's application for revision number 30 to Surface Coal Mining Permit NACT-9101. We have no objections to the revision which adds the design plans for sedimentation ponds P-D13-06, P-D18-05 and P-D-18-06. Once the ponds are constructed, they will be assigned a discharge point number and added to the company's NDPDES permit.

At this time, the Department has no further comments regarding this revision.

Sincerely,

Karl Rockeman, P.E.
NDPDES Program Manager
Division of Water Quality
