**RE: HILAND OPERATING, LLC
NATURAL GAS PIPELINE – BURKE &
DIVIDE COUNTIES
CASE NUMBER: PU-12-190**

Dear Mr. Nitschke:

A public hearing was held in the above-referenced matter on October 8, 2013. At the hearing, an Exhibit 3 was submitted into evidence. Exhibit 3 was intended to contain the Certification Relating to Order Provisions and accompanying Tree and Shrub Mitigation Specifications. However, the Tree and Shrub Mitigation Specifications were inadvertently omitted from Exhibit 3. It was the intention of Hiland Operating, LLC that the Tree and Shrub Mitigation Specifications be attached to the Certification Relating to Order Provisions, and that they be submitted as part of Exhibit 3 in this matter. Further, Hiland Operating, LLC intends to be bound by both the Certification Relating to Order Provisions and accompanying Tree and Shrub Mitigation Specifications.

An original and ten copies of this letter are being submitted to the Commission, as well as a CD containing this letter in PDF format.

If you should have any questions, please advise.

Sincerely,

JILLIAN RUPNOW
