Re: North Dakota Intrastate Access Coalition-North Dakota Tariff No. 1

Dear Mr. Nitschke:

John Staurulakis, Inc. (JSI) is filing an original and seven (7) copies of the Table of Contents pages and the Section 17-Rates Section which is part of the new Intrastate Access Tariff that was filed with this Commission yesterday, May 15, 2012, on behalf of the Issuing Carriers indicated in Attachment 1 to this transmittal letter, also referred to as the North Dakota Intrastate Access Coalition. Again, the purpose of this filing is to reflect recently enacted FCC rules pursuant to the FCC's Report and Order and Further Notice of Rulemaking, Docket No. WC Docket No. 10-90, *et al.*, FCC 11-161 (Released November 18, 2011).¹ The FCC's Rules in this Order became effective on December 29, 2011. This tariff filing establishes a new Intrastate Access Tariff for all of the Issuing Carriers, and supersedes and cancels any affiliation or concurrences that may currently exist between the Issuing Carriers and any other existing Intrastate Access Tariff, effective July 1, 2012.

The following tariff pages are included in this filing:

North Dakota Intrastate Access Coalition-North Dakota Tariff No. 1
Table of Contents Pages
Section 17 Rate Pages

The specific tariff pages being filed are identified on the Check Sheets contained in the Table of Contents of this tariff. This tariff filing is made under authority of Chapter 49-21-

¹ *In the matter of Connect America Fund, A National Broadband Plan for Our Future, Establishing Just and Reasonable Rates for Local Exchange Carriers, High Cost Universal Support, Developing an Unified Intercarrier Compensation Regime, Federal State Joint Board on Universal Service, Lifeline and Link-Up, Universal Service Reform Mobility Fund, Report and Order and Further Notice of Proposed Rulemaking, Docket Nos. WC Docket No. 10-90, et al., FCC 11-161, Released November 18, 2011 ("ICC Reform Order").*

Mr. Darrell Nitschke
Executive Secretary

01 and Chapter 49-21-04. The Issuing Carriers propose an effective date of this new Intrastate Access Tariff of July 1, 2012.

As noted in the transmittal letter that accompanied Part 1 of this tariff filing that was filed with the Commission on May 15, 2012, the Issuing Carriers as defined in Attachment 1 are all rate-of-return carriers. Additionally, the Issuing Carriers of North Dakota Tariff No. 1 are comprised of a number of companies that currently have varying rate design methodologies in place. Some North Dakota companies have already begun their transition from Non-Local Transport Restructuring (LTR) rate design to LTR rate design. Other North Dakota companies continue to operate under Non-LTR rate design today, but will transition to LTR rate design in the future. The rates contained in Section 17 of this tariff that are being filed today, reflect the implementation of this objective in conformance with the ICC Reform Order.

As discussed yesterday with Commission Staff, due to some last minute technical problems, Section 17 was not filed yesterday with Sections 1 through 16 of North Dakota Intrastate Access Tariff No. 1. However, pursuant to an agreement reached yesterday with Commission Staff, Section 17 of North Dakota Intrastate Access Tariff No. 1 is being filed with the Commission today, May 16, 2012.

JSI is mailing a hard copy of the entire tariff filing to the Commission today, via overnight mail, for delivery to the Commission tomorrow, May 17, 2012. This mailing will include Sections 1 through 17 of North Dakota Intrastate Access Tariff No. 1. With this mailing, you will find enclosed a copy of this transmittal letter marked "File Stamp Copy" to be stamped and returned to JSI as confirmation that the hard copies of this filing have been received by the Commission as well. Please return the stamped copy of this transmittal letter in the envelope provided for this purpose.

If there are any questions regarding this filing, please feel free to contact me at (301) 459-7590 or at kcartmell@jsitel.com.

Sincerely,

/s/ Kenneth T. Cartmell
