2. The information identified by their application includes confidential support documentation for its tariff filing. Specifically, Minnesota Independent Equal Access Corporation is seeking protection "for [t]he Company's intrastate access services demand (volume) provid[ing] competitors with detailed information regarding the Company's scope of operations in North Dakota, and allows interpolation of the Company's scope of operations in other states".
3. Commission staff as required by N.D. Admin. Code § 69-02-09-03 have on July 31, 2012, made a prima facie recommendation that the information is a trade secret as defined by N.D.C.C. § 47-25.1-01(4).
4. The information for which trade secret protection is sought is highly confidential and of a propriety and financial nature and as provided in N.D.C.C. § 44-04-18.4, has been kept confidential by Minnesota Independent Equal Access Corporation and would be of advantage to competitors if not protected.
5. If competitors had access to such confidential information, it could adversely affect prices all to the ultimate disadvantage of consumers and customers of Minnesota Independent Equal Access Corporation.
