ORDER GRANTING TRADE SECRET PROTECTION

June 20, 2012

Preliminary Statement

1. MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services (Verizon Access) applied for trade secret protection on June 6, 2012, pursuant to N.D. Admin. Code § 69-02-09-01 and requested a protective order in accordance with the provisions of the N.D. Admin. Code.
2. The information identified by their application includes confidential support documentation for its tariff filing. Specifically, Verizon Access is seeking protection "for the confidential actual intrastate minutes of use volume data set forth in its compliance worksheet, and the calculations based thereon".
3. Commission staff as required by N.D. Admin. Code § 69-02-09-03 have on June 13, 2012, made a prima facie recommendation that the information is a trade secret as defined by N.D.C.C. § 47-25.1-01(4).
4. The information for which trade secret protection is sought is highly confidential and of a propriety and financial nature and as provided in N.D.C.C. § 44-04-18.4, has been kept confidential by Verizon Access and would be of advantage to competitors if not protected.
5. If competitors had access to such confidential information, it could adversely affect prices all to the ultimate disadvantage of consumers and customers of Verizon Access.
6. The Commission, in consideration of Staff's prima facie recommendation, determines that the information is a trade secret as defined by N.D.C.C. ch. 47-25.1 and

N.D. Admin. Code ch. 69-02-09;

IT IS, THEREFORE,

ORDERED Verizon Access is hereby granted trade secret protection pursuant to and in accordance with the provisions of N.D.C.C. ch. 47-25.1 and N.D. Admin. Code ch. 69-02-09 for the information identified by the application; and it is further

ORDERED that this order shall not constitute precedent for a determination of entitlement to trade secret protection for any information upon any subsequent application.
