RE: NORTHERN STATES POWER COMPANY FOR  
ELECTRIC RATE INCREASE APPLICATION  
CASE No. PU-12-813

Dear Ms. Jeffcoat-Sacco:

In response to your October 4, 2013 letter to Ms. Valley, Mr. Johnson, and Mr. Norrell we have reviewed the copies of exhibits taken from staff files as made available to us by Mr. Hamre and do not have objection to docketing these as the hearing exhibits. We appreciate the opportunity to review these prior to docketing.

Regarding NSP Exhibit 38 and PSC Exhibit 22, we agree they are to be among late filed exhibits. Judge Fetch described these two exhibits as being the single document each of us will prepare to provide all corrections to our respective prefiled testimony noted during the hearing, and admitted them to the record as late filed exhibits. Volume III of the transcript documents this instruction and we do have this on our list of items to develop and submit.

Please contact me at [debra.j.paulson@xcelenergy.com](mailto:debra.j.paulson@xcelenergy.com) or 612-330-7571 or Ms. Valley (email above) or 612-215-4526 if you have questions.

Sincerely,

DEBRA J. PAULSON  
MANAGER, RATE CASES  
NORTHERN STATES POWER COMPANY
