**Subject:** Fuel Cost and Renewable Energy Rider Changes

John,

Please docket this email in Case No. PU-12-813 as Staff's Response to NSP's Fuel Cost and Renewable Energy Riders.

I have reviewed the proposed riders and my recommended changes were adopted by NSP and incorporated into its June 6, 2014 tariff compliance filing. The changes to the riders conform to the Settlement Agreement approved by the commission by Order on February 26, 2014. Per N.D.C.C. 49-05-05, tariff changes become effective within 30 days absent commission action to the contrary. Therefore, the effective date for the tariff should be July 6, 2014. Mike
