Case No. PU-12-823

NOTICE OF OPPORTUNITY FOR HEARING

January 30, 2013

On October 18, 1995, in Case No. PU-440-95-145, the Commission issued Certificate of Corridor Compatibility No. 68 and Route Permit No. 83 to Portal Pipeline Company for the construction of approximately eight miles of pipeline beginning near the Lignite Station in Burke County, North Dakota, and traversing in a northerly direction to the Canadian border, approximately four miles west of Portal, North Dakota. On December 16, 1998, in Case No. PU-440-98-573, the Commission approved the transfer of said certificate and permit to Enbridge Pipelines (North Dakota) Inc. and issued First Reissued Certificate of Corridor Compatibility No. 68 and First Reissued Route Permit No. 83.

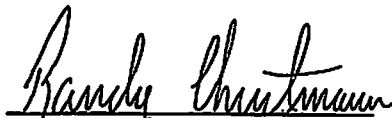

On January 3, 2013, Enbridge Pipelines (North Dakota) LLC (Enbridge ND) and Enbridge Pipelines (Bakken) L.P. (Enbridge Bakken) submitted a joint application for the transfer of Certificate of Corridor Compatibility No. 68 and Route Permit No. 83 to Enbridge Bakken, Case No. PU-12-823.

The issues to be considered in Case No. PU-12-823 are whether Enbridge Bakken agrees and is able to comply with the terms and conditions of the corridor certificate and the route permit issued to Enbridge ND, and whether the requested transfer is compatible with the public interest.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by March 14, 2013.** If deemed appropriate, the Commission can determine the matter without a hearing.
