Re: Cost of Gas Adjustment  
(COG) Rate 88 and Rate 99  
Case No. PU-12-008

Montana-Dakota will not seek a cost of gas (COG) adjustment change for the month of March 2013. The COG Adjustment tariff (Rate 88), Section 2(b) provides that "Montana-Dakota shall file to reflect changes in its average cost of gas supply only when the amount of change in such COG is at least 10 (ten) cents per dk." The COG adjustment for the month of March 2013 results in a change of less than 10 cents per dk, and therefore, in accordance with the authorized tariff, Montana-Dakota will not seek a COG adjustment change for the month of March.

Montana-Dakota will not seek a Cost of Gas - Propane (COG) adjustment change for the month of March 2013. The Purchased Propane Cost Adjustment tariff (Rate 99), Section 2(b) provides that "Montana-Dakota shall file to reflect changes in its average cost of propane supply only when the amount of such change in COG is at least 10 (ten) cents per dk." The COG adjustment for the month of March 2013 results in a change of less than 10 cents per dk, and therefore, in accordance with the authorized tariff, Montana-Dakota will not seek a purchased propane cost adjustment change for the month of March.
