Good Morning Tom

Please send me a written request to change the company name on Variance Permit No. 515 issued to Technisand, Inc. to the company doing business at that location. According to the Bill of Lading, that company is FML Terminal Logistics LLC.

Shelly,

After a re-read I need to request that the Technisand Inc. (corporate name) Scale variance request be considered as FML Terminal Logistics (corporate name) (Fairmount minerals Terminal logistics), (AKA - Fairmount/Santrol). I hope I haven't confused things even further.

Thank you,

Shelly,

I do not write the Purchased Orders for Capital projects like this. Yesterday, I would have bet the farm that FML Terminal Logistics (bottom Right) would not have been on these. I was pleasantly surprised! I will see to it that the signage will match.

Good Morning Tom

Attached is a copy of the Temporary Variance Permit issued to Technisand, Inc. and a copy of the Prairie Scale test report dated 1/24/2017 for the installation of a truck scale for FML Terminal Logistics, LLC. Based on the permit number referenced in the remarks section, this appears to be the scale for the Technisand, Inc. variance.

Please confirm this is the scale referenced on the Technisand, Inc. Temporary Variance Permit. If the scale is going to be operating as FML Terminal Logistics, LLC, please email me a request to modify the company name on the variance. FML Terminal Logistics, LLC is a company registered with the North Dakota Secretary of State.

One of the Temporary Variance Permit Conditions is to file with the Commission a copy of the scale ticket within 30 days from the date of the scale being placed into service. The scale was placed into service on January 24, 2017 (report attached). As of today, I have not received a copy of the scale ticket. Please submit as soon as possible.

If you have any questions, please contact me. Thank you!

Shelly,

How do I proceed from here. We are ready to start moving into the site. Is there paper work, or a permit that is required? We are working with GZA environmental on this project too.

Subject: Variance Process - Additional Information

Good Afternoon Mr. Bonno:

The Public Service Commission received the temporary variance permit request from Technisand Inc., doing business as Fairmount Santrol (FMSA). According to the North Dakota Secretary of State Business Records Search, Fairmount Santrol (FMSA) is not registered to do business in North Dakota. The variance permit must be issued to a company registered to do business in North Dakota.

- 1) Do you plan on doing business at the Ross location as Technisand Inc., which is registered to do business in North Dakota? What is the company name that will appear on the scale ticket?
- 2) Provide the name and address of the company making the variance permit request.

If you have any questions, please contact me. Thank you!
