2/1/2013

To Whom It May Concern:

Courtenay Wind Farm, LLC (CWF), a subsidiary of Geronimo Wind Energy, LLC D.B.A. Geronimo Energy, is planning to construct the Courtenay Wind Project (Project) within an approximately 25,000 acre area located 15 miles north of Jamestown, North Dakota, in Northeastern Stutsman County. The Project will consist of up to 134 wind turbines with a height of 499' or less. The project will have associated facilities such as roads, underground electrical collection system, meteorological towers, a substation, an operation and maintenance facility and an associated 115kV transmission line extending out of the project area. Enclosed is a map of the Project site, as well as a one mile study area around the project boundary. Table 1 provides the townships, ranges, and sections encompassed by the Project.

Table 1: Project Location

Civil Township	Township #	Range #	Sections
Gray	142 N	62 W	4, 5, 6, 7, 8, 17
Ashland	142 N	63 W	1, 2, 3, 4, 11, 12, 14
Courtenay	143 N	62 W	6, 7, 8, 17, 18, 19, 20, 21, 28, 29, 30, 21, 32, 33
Durham	143 N	63 W	1, 2, 3, 9, 10, 11, 12, 13, 14, 15, 22, 13, 24, 25, 26, 35, 36
Nogosek	144 N	63 W	26, 27, 34, 35, 36

CWF will seek a Certificate of Site Compatibility (CSC) from the North Dakota Public Service Commission (Commission) pursuant to Chapter 49-22 of the North Dakota Century Code and Article 69-06 of the North Dakota Administrative Code. CWF plans to file its CSC application in early March, 2013 in order to obtain Commission approval by Third Quarter 2013. CWF plans to begin construction in Third Quarter, 2013 and have the Project operational in Third Quarter, 2014.

The purpose of this letter is to inform your organization of the proposed Project, seek your input regarding any permits and approvals that may be required, and identify interests your organization may have in the Project site or associated study area. CWF would like to incorporate comments received in response to this letter into its CSC application. We would greatly appreciate receiving your comments in writing by March 1st, 2013.

If you have questions or comments regarding the proposed Project, please contact me via phone at 952-988-9000, via email at Patrick@geronimowind.com, or via mail at 7650 Edinborough Way #725, Edina MN, 55435.

Sincerely,

Patrick Smith

CWF will seek a Certificate of Site Compatibility (CSC) from the North Dakota Public Service Commission (Commission) pursuant to Chapter 49-22 of the North Dakota Century Code and Article 69-06 of the North Dakota Administrative Code. CWF plans to file its CSC application in early March, 2013 in order to obtain Commission approval by Third Quarter 2013. CWF plans to begin construction in Third Quarter, 2013 and have the Project operational in Third Quarter, 2014.

The purpose of this letter is to inform your organization of the proposed Project, seek your input regarding any permits and approvals that may be required, and identify interests your organization may have in the Project site or associated study area. CWF would like to incorporate comments received in response to this letter into its CSC application. We would greatly appreciate receiving your comments in writing by March 1st, 2013.

If you have questions or comments regarding the proposed Project, please contact me via phone at 952-988-9000, via email at Patrick@geronimowind.com, or via mail at 7650 Edinborough Way #725, Edina MN, 55435.

Sincerely,

Patrick Smith

To Whom It May Concern:

Courtenay Wind Farm, LLC (CWF), a subsidiary of Geronimo Wind Energy, LLC D.B.A. Geronimo Energy, is planning to construct the Courtenay Wind Project (Project) within an approximately 25,000 acre area located 15 miles north of Jamestown, North Dakota, in Northeastern Stutsman County. The Project will consist of up to 134 wind turbines with a height of 499' or less. The project will have associated facilities such as roads, underground electrical collection system, meteorological towers, a substation, an operation and maintenance facility and an associated 115kV transmission line extending out of the project area. Enclosed is a map of the Project site, as well as a one mile study area around the project boundary. Table 1 provides the townships, ranges, and sections encompassed by the Project.

Table 1: Project Location

Civil Township	Township #	Range #	Sections
Gray	142 N	62 W	4, 5, 6, 7, 8, 17
Ashland	142 N	63 W	1, 2, 3, 4, 11, 12, 14
Courtenay	143 N	62 W	6, 7, 8, 17, 18, 19, 20, 21, 28, 29, 30, 21, 32, 33
Durham	143 N	63 W	1, 2, 3, 9, 10, 11, 12, 13, 14, 15, 22, 13, 24, 25, 26, 35, 36
Nogosek	144 N	63 W	26, 27, 34, 35, 36

CWF will seek a Certificate of Site Compatibility (CSC) from the North Dakota Public Service Commission (Commission) pursuant to Chapter 49-22 of the North Dakota Century Code and Article 69-06 of the North Dakota Administrative Code. CWF plans to file its CSC application in early March, 2013 in order to obtain Commission approval by Third Quarter 2013. CWF plans to begin construction in Third Quarter, 2013 and have the Project operational in Third Quarter, 2014.

Pursuant our phone conversation on January 31, 2013, we are contacting you based on the recommendations of the Department of Defense Clearinghouse which, in their review of the project identified Military Training Route SR-728 in the vicinity of our proposed Project. CWF would like to receive any comments you may have in relation to our proposed Project and this route as well as any other interests you may have. CWF would like to incorporate comments received in response to this letter into its CSC application. We would greatly appreciate receiving your comments in writing by March 1st, 2013.

Per your recommendation I have also contacted Western Air Defense as well who confirmed that issues associated with their MOCA will be addressed in the FAA's review of the project, therefore they did not have comment at this time. If you have questions or comments regarding the proposed Project, please contact me via phone at 952-988-9000, via email at Patrick@geronimowind.com, or via mail at 7650 Edinborough Way #725, Edina MN, 55435.

Sincerely,

Patrick Smith

To Whom It May Concern:

Courtenay Wind Farm, LLC (CWF), a subsidiary of Geronimo Wind Energy, LLC D.B.A. Geronimo Energy, is planning to construct the Courtenay Wind Project (Project) within an approximately 25,000 acre area located 15 miles north of Jamestown, North Dakota, in Northeastern Stutsman County. The Project will consist of up to 134 wind turbines with a height of 499' or less. The project will have associated facilities such as roads, underground electrical collection system, meteorological towers, a substation, an operation and maintenance facility and an associated 115kV transmission line extending out of the project area. Enclosed is a map of the Project site, as well as a one mile study area around the project boundary. Table 1 provides the townships, ranges, and sections encompassed by the Project.

Table 1: Project Location

Civil Township	Township #	Range #	Sections
Gray	142 N	62 W	4, 5, 6, 7, 8, 17
Ashland	142 N	63 W	1, 2, 3, 4, 11, 12, 14
Courtenay	143 N	62 W	6, 7, 8, 17, 18, 19, 20, 21, 28, 29, 30, 21, 32, 33
Durham	143 N	63 W	1, 2, 3, 9, 10, 11, 12, 13, 14, 15, 22, 13, 24, 25, 26, 35, 36
Nogosek	144 N	63 W	26, 27, 34, 35, 36

CWF will seek a Certificate of Site Compatibility (CSC) from the North Dakota Public Service Commission (Commission) pursuant to Chapter 49-22 of the North Dakota Century Code and Article 69-06 of the North Dakota Administrative Code. CWF plans to file its CSC application in early March, 2013 in order to obtain Commission approval by Third Quarter 2013. CWF plans to begin construction in Third Quarter, 2013 and have the Project operational in Third Quarter, 2014.

The purpose of this letter is to inform your organization of the proposed Project, seek your input regarding any permits and approvals that may be required, and identify interests your organization may have in the Project site or associated study area. CWF would like to incorporate comments received in response to this letter into its CSC application. We would greatly appreciate receiving your comments in writing by March 1st, 2013.

We hope this correspondence is helpful for meetings that you may be having with Geronimo Energy Representatives in the near future. If you have questions or comments regarding the proposed Project, please contact me via phone at 952-988-9000, via email at Patrick@geronimowind.com, or via mail at 7650 Edinborough Way #725, Edina MN, 55435.

Dear Ms. Riddle:

Courtenay Wind Farm, LLC (CWF), a subsidiary of Geronimo Energy, is planning to construct the Courtenay Wind Project (Project) within an approximately 25,000 acre area located 15 miles north of Jamestown, North Dakota, in Northeastern Stutsman County. The Project will consist of up to 134 wind turbines with a height of 499' or less. The project will have associated facilities such as roads, underground electrical collection system, meteorological towers, a substation, an operation and maintenance facility and an associated 115kV transmission line extending out of the project area. Enclosed is a map of the Project site, as well as a one mile study area around the project boundary. Table 1 provides the townships, ranges, and sections encompassed by the Project. Attached to this email is a shapefile of the wind farm area.

Table 1: Project Location

Civil Township	Township #	Range #	Sections
Gray	142 N	62 W	4, 5, 6, 7, 8, 17
Ashland	142 N	63 W	1, 2, 3, 4, 11, 12, 14
Courtenay	143 N	62 W	6, 7, 8, 17, 18, 19, 20, 21, 28, 29, 30, 21, 32, 33
Durham	143 N	63 W	1, 2, 3, 9, 10, 11, 12, 13, 14, 15, 22, 13, 24, 25, 26, 35, 36
Nogosek	144 N	63 W	26, 27, 34, 35, 36

CWF will seek a Certificate of Site Compatibility (CSC) from the North Dakota Public Service Commission (Commission) pursuant to Chapter 49-22 of the North Dakota Century Code and Article 69-06 of the North Dakota Administrative Code. CWF plans to file its CSC application in early March, 2013 in order to obtain Commission approval by Third Quarter 2013. CWF plans to begin construction in Third Quarter, 2013 and have the Project operational in Third Quarter, 2014.

Pursuant our phone conversation on February 3rd, 2013, CWF's consultant Tetra Tech is preparing a written report detailing our tiers 1 and 2 evaluation (based on the Service's Land Based Wind Energy Guidelines) of the site including a whooping crane habitat assessment. CWF plans to review these evaluations along with our plans for tier 3 evaluation. CWF intends on incorporating our conversation into the Project's CSC application.

Sincerely,

Patrick Smith

Dear Mr. Davison (and Ms. Henry) –

Please see the attached documents that detail five proposed wind energy projects.

We are requesting that the NTIA provide their review of these projects.

If the NTIA would like additional information, please contact me anytime.

We appreciate the opportunity to coordinate with you.

Thank you in advance for your time,

Heather Wayne

The project will have associated facilities such as roads, underground electrical collection system, meteorological towers, a substation, an operation and maintenance facility and an associated 115kV transmission line extending out of the project area. Enclosed is a map of the Project site, as well as a one mile study area around the project boundary. Table 1 provides the townships, ranges, and sections encompassed by the Project.

Table 1: Project Location

Civil Township	Township #	Range #	Sections
Gray	142 N	62 W	4, 5, 6, 7, 8, 17
Ashland	142 N	63 W	1, 2, 3, 4, 11, 12, 14
Courtenay	143 N	62 W	6, 7, 8, 17, 18, 19, 20, 21, 28, 29, 30, 21, 32, 33
Durham	143 N	63 W	1, 2, 3, 9, 10, 11, 12, 13, 14, 15, 22, 13, 24, 25, 26, 35, 36
Nogosek	144 N	63 W	26, 27, 34, 35, 36

CWF will seek a Certificate of Site Compatibility (CSC) from the North Dakota Public Service Commission (Commission) pursuant to Chapter 49-22 of the North Dakota Century Code and Article 69-06 of the North Dakota Administrative Code. CWF plans to file its CSC application in early March, 2013 in order to obtain Commission approval by Third Quarter 2013. CWF plans to begin construction in Third Quarter, 2013 and have the Project operational in Third Quarter, 2014.

CWF intends to apply for a conditional use permit from Stustman County and enter into a road and drainage maintenance agreement per Stutsman County Ordinance in the coming months as well. We look forward to working with you on the development and are very excited to be members of your community.

The purpose of this letter is to inform your organization of the proposed Project, seek your input regarding any permits and approvals that may be required, and identify interests your organization may have in the Project site or associated study area. CWF would like to incorporate comments received in response to this letter into its CSC application. We would greatly appreciate receiving your comments in writing by March 1st, 2013.

If you have questions or comments regarding the proposed Project, please contact Jay Hesse, the project developer via email at jay@geronimowind.com, via phone at 952-358-5662, or by mail at 100 First St.

South Suite #2, Jamestown, ND 58401. Alternately, you may also contact me at Patrick@geronimowind.com, at 952-988-9000, or by mail at 7650 Edinborough Way, Suite 725, Edina, MN 55435.

Sincerely,

Patrick Smith
