**Subject:** Renewal #6 to Permit NACT-8203

In response to a letter dated March 13, 2013 regarding this renewal, included is an attachment for the renewal application stating the reasons for the renewal and that the bond is sufficient. If you have any questions or need anything further, please contact me.

If you have received this transmission in error, notify the sender (only) and delete the message. This message may also be subject to disclosure under the North Dakota Open Records Laws.

This renewal is being requested because portions of the permit (ponds, haulroads, stockpiles, and conveyor) continue to be used in support of mining in other permit areas. All coal removal is complete within this permit area.

The bond for this permit area is sufficient and will continue for the renewal period. Liability insurance is provided and will be renewed on a yearly basis throughout the renewal period.
