March 26, 2013

Mr. Troy Leingang  
Environmental Manager  
Coteau Properties Company  
204 County Rd. 15  
Beulah, ND 58523

Dear Mr. Leingang:

The Reclamation Division received Ms. Ryan's March 14<sup>th</sup> email in response to our completeness review letter dated March 13, 2013 regarding the application of Renewal No. 6 to Permit NACT-8203. The attachment included in the email, Attachment1-Renewal, and the advertisement must be revised to address the following.

1. Attachment1 –Please delete the reference to a “conveyor” as a reason the permit is being renewed since this conveyor has been dismantled.
2. Attachment1 – Please provide evidence of sufficient bond. This can be accomplished by specifically referencing Coteau's Consolidated Bonding Plan most recently updated with Revision No. 21 to Permit NACT-0401. The language presently included in the attachment is too vague to be considered “evidence”.
3. Please revise the newspaper advertisement to specifically mention that this is Renewal No. 6 to Permit NACT-8203.

Once these changes have been made, Coteau Properties Company may begin publication of the newspaper notice in accordance with NDAC 69-05.2-11-03(6).

Future responses to completeness and technical review letters should be accompanied by a cover letter and hard copy responses should be submitted in addition to any email response. If you have any questions, please contact this office.

Sincerely,

James R. Deutsch  
Director  
Reclamation Division
