Bison 3 Wind Project Case No. PU-11-162
Bison 4 Wind Project Case No. PU-13-127**

Dear Mr. Kahl:

Minnesota Power and ALLETE Clean Energy (“ALLETE”) are writing to provide a brief update on the installation of the DeTect Aircraft Detection and Light System (“ADLS”). After further discussions, DeTect was able to redirect another ADLS from another wind site to ALLETE’s five sites. The current schedule is to have the ADLS installed by early December followed by commissioning work. ALLETE will submit a filing when the ADLS is installed.

If you have any questions or if the North Dakota Public Service Commission requires any additional information, please contact me at 218-723-3963 or dmoeller@allete.com.
