**RE: Hiland Crude, LLC —
Case Number PU-13-136**

Dear Mr. Nitschke:

At the public hearing in the above-referenced matter, the North Dakota Public Service Commission ("Commission") requested additional information regarding Hiland Crude, LLC's siting application in the form of several late-filed exhibits. To that end, please find enclosed for filing, an original and ten (10) copies of the following documents:

1. Dates construction was begun and completed on each segment of the Market Center pipeline system;
2. Data showing depth of the pipeline at various points through the system;
3. Map depicting location of all block valves;
4. Copy of Hiland Crude, LLC's emergency response plan;
5. Map depicting location of five residences who declined to execute waiver of 500 foot setback requirement;
6. Information regarding potential outcomes in the event of spill or damage to pipeline near the location of the Vance home; and
7. Pig testing and hydrostatic testing results.

Please note that the pig testing and hydrostatic testing results are submitted in electronic format only, due to the large volume of data. Further, there are two additional late-filed exhibits Hiland Crude intends to file in this matter, namely, data from noise studies and a list of permits and approvals Hiland Crude obtained from various governmental agencies. Hiland Crude is still in the process of gathering this information. However, because the Commission has scheduled a work session on this matter for July 21, 2014, Hiland Crude is submitting herewith all exhibits it has gathered and prepared to date. The remaining exhibits will be filed shortly.

If you have any questions, please advise.

Sincerely,

LAWRENCE BENDER
