RE: Discontinue Business – Crosswater Enterprises LLC.

The Licensing Division received a request from Crosswater Enterprises LLC of Napoleon, North Dakota, to cancel roving grain buyer license number 3185. Crosswater Enterprises LLC will no longer purchase grain in North Dakota; therefore, they no longer need the roving grain buyer license. A new entity has been established and all grain will be purchased by the new entity. A corresponding motion is on the Consent Agenda for the April 10, 2013 Commission Meeting.

I recommend the request be approved. A corresponding motion and order are attached.
