Re: TC Systems Inc. - Access Services Tariff

Dear Ms. Jeffcoat-Sacco:

Enclosed for filing are replacement tariff pages for TC Systems, Inc. The filing makes the change from "AT&T" to "the Company" where referenced on the following pages:

<u>Section</u>	<u>Page</u>	<u>Revision</u>
2	21	1 st
2	25	1 st

AT&T requests a filing date of April 10, 2013 and an effective date of April 30, 2013.

Please contact me if you have any questions or concerns at (303) 299-5703.

Sincerely,

Jon Blessing

ACCESS SERVICES

STATE OF NORTH DAKOTA

SECTION 2
FIRST REVISED PAGE 21
CANCELS ORIGINAL PAGE 21
EFFECTIVE: APRIL 30, 2013

ISSUED: APRIL 10, 2013

2. GENERAL REGULATIONS

2.3 OBLIGATIONS OF THE CUSTOMER (continued)

2.3.10 Determination of Charges for Mixed Intrastate and Interstate Usage (continued)

Identification and Rating of VoIP-PSTN Traffic (continued)

(A) Scope (continued)

- (1) This section governs the identification of originating and terminating intrastate toll VoIP-PSTN traffic and facilities to which interstate switched access rates apply (unless the parties have agreed otherwise) in accordance with the transitional Intercarrier Compensation framework for VoIP-PSTN traffic adopted by the Federal Communications Commission in its Report and Order, FCC Release No. 11-161 (Nov. 18, 2011) ("FCC Order"). Specifically, this section establishes the method that will be used to identify the percentage of the customer's intrastate access traffic, that will be treated as intrastate toll VoIP-PSTN traffic (referred to in this Tariff as "Relevant VoIP-PSTN Traffic"),
- (2) This section applies to originating and terminating intrastate switched access minutes of use ("MOU") and facility rate elements of all Access customers.
- (3) The Customer shall not modify its reported PIU factor to account for the VoIP-PSTN Traffic for MOU and facility rate elements.

(B) Rating of VoIP-PSTN Traffic

The Relevant VoIP-PSTN Traffic terminating from the customer to the Company and facility rate elements identified in accordance with this Tariff section will be billed at rates equal to the Company's applicable tariffed terminating interstate switched access rates as specified in <http://serviceguide.att.com/ABS/ext/TariffDetails.cfm>, the Company's FCC Access Services Tariff, Sect. 5.5.K and 5.53 unless the corresponding intrastate rate is lower. If the intrastate rate is lower then that rate will be used for billing. Hereafter, these billed rates will be referred to in this Tariff as the relevant "VoIP Rates". Relevant VoIP-PSTN Traffic originating from the Company or another provider to the customer will be rated using Intrastate rates and rate structure.

2. GENERAL REGULATIONS

2.3 OBLIGATIONS OF THE CUSTOMER (continued)

2.3.10 Determination of Charges for Mixed Intrastate and Interstate Usage (continued)

Identification and Rating of VoIP-PSTN Traffic (continued)

(D) PVU Factor Updates

The Customer must update the PVUC factor quarterly using the method set forth in paragraphs (C) (1) through (3) above. The customer shall forward to the Company, no later than September 15, 2012, this new PVUC factor.

Prospectively, the customer may update the PVUC factor quarterly using the method set forth in subsection (C) (1) through (3), above. If the Customer chooses to submit such updates, it shall forward to the Company, no later than 15 days after the first day of January, April, July and/or October of each year, a revised PVUC factor based on data for the prior three months, ending the last day of December, March, June and September, respectively. The Company will use the revised PVUC to calculate a revised PVU. The revised PVU factor will only apply prospectively and serve as the basis for billing until superseded by a new PVU.

(E) PVU Factor Verification

Not more than twice in any year, the Company may ask the Customer to verify the PVUC factor furnished to the Company. The Customer shall comply, and shall reasonably provide the records and other information used to determine their PVUC as specified in paragraphs (C) (1) and (4) above. The Customer shall retain and maintain (for verification purposes) the records and other information used to determine the PVUC, for at least 12 months after the PVUC is filed (or longer if any other section of the Company's Tariffs, Service Guides, Guidebooks or applicable law requires a longer period). The verification process shall be conducted consistent with the provisions in Section 2.3.2 of the Company's FCC Access Services Tariff.
