Re: **AT&T Corp. - Access Services and Network Interconnection Services Tariff**

Dear Ms. Jeffcoat-Sacco:

Enclosed for filing are replacement tariff pages for AT&T Corp. The filing makes the change from "AT&T" to "the Company" where referenced on the following pages:

<u>Section</u>	<u>Page</u>	<u>Revision</u>
2	24	1 st
2	28	1 st

AT&T requests a filing date of April 10, 2013 and an effective date of April 30, 2013.

Please contact me if you have any questions or concerns at (303) 299-5703.

Sincerely,

Jon Blessing

AT&T CORP.

ACCESS SERVICES AND NETWORK INTERCONNECTION SERVICES

STATE OF NORTH DAKOTA

SECTION 2
1ST REVISED PAGE 24

ISSUED: APRIL 10, 2013

EFFECTIVE: APRIL 30, 2013

2. GENERAL REGULATIONS

2.3. OBLIGATIONS OF THE CUSTOMER (continued)

2.3.10 Determination of Charges for Mixed Intrastate, Interstate
and/or Local Usage (continued)

C. Identification and Rating of VoIP-PSTN Traffic (continued)

(B) Rating of VoIP-PSTN Traffic

The Relevant VoIP-PSTN Traffic terminating from the customer to the Company and facility rate elements identified in accordance with this tariff section will be billed at rates equal to the Company's applicable tariffed terminating interstate switched access rates as specified at <http://serviceguide.att.com/ABS/ext/TariffDetails.cfm>, (the Company's FCC Access Services Tariff, Sect. 17.13.3-17.15.1) unless the corresponding intrastate rate is lower. If the intrastate rate is lower then that rate will be used for billing. Hereafter, these billed rates will be referred to in this tariff as the relevant "VoIP Rates". Relevant VoIP-PSTN Traffic originating from the Company or another provider to the customer will be rated using Intrastate rates and rate structure.

AT&T CORP.

ACCESS SERVICES AND NETWORK INTERCONNECTION SERVICES

AT&T CORP.

SECTION 2
1ST REVISED PAGE 28

ISSUED: APRIL 10, 2013

EFFECTIVE: APRIL 30, 2013

2. GENERAL REGULATIONS

2.3. OBLIGATIONS OF THE CUSTOMER (continued)

2.3.10 Determination of Charges for Mixed Intrastate, Interstate
and/or Local Usage (continued)

(E) PVU Factor Verification

Not more than twice in any year, the Company may ask the Customer to verify the PVUC factor furnished to the Company. The customer shall comply, and shall reasonably provide the records and other information used to determine their PVUC as specified in section (C) (1) and (4) above. The customer shall retain and maintain (for verification purposes) the records and other information used to determine the PVUC, for at least 12 months after the PVUC is filed (or longer if any other section of the Company's tariffs or applicable law requires a longer period). The verification process shall be conducted consistent with the provisions in Section 2.3.10 of the Company's FCC Access Services Tariff.

(T)

(F) Verification Process

The Company will review these Customer provided PVUC records referenced in (E) above. If the review results represent what the Company considers to be a substantial deviation from the customer's previously reported PVUC or if the PVUC appears unreasonable as compared to other related types of data, the Company will contact the customer within 30 days. This deviation issue will be dealt with in one of the following ways. The current PVUC will continue to be utilized until resolution from either of the 2 methods below.

- a) The Company and the customer will come to an agreement as to an appropriate PVUC within 30 days of the provision of the PVUC records.
- b) The Company within 45 days of the receipt of these records will make these customer PVUC records available to an independent auditor for review for the purpose of determining a PVUC. If these PVUC records are not available or these records are not substantive enough for the auditor to calculate a PVUC, then a PVUC factor of zero will be assigned. This zero PVUC will be utilized until either a PVUC can be agreed upon between the Company and the customer or an audit can be completed utilizing records acceptable for an audit conclusion. When an audit has been completed employing the records acceptable for an audit conclusion, the PVUC resulting from the audit report will be employed until the next customer provided PVUC is available as referenced in the (E) or (F) procedures above.
