Good Afternoon John

We received your request, dated October 17, 2013, for a metrology recertification extension due to scheduling with the metrology lab.

Under North Dakota Administrative Code Section 69-10-03-02, the Commission may extend the twelve-month recertification interval to fifteen months.

Based on your request, I am extending the recertification for your standards from October 21, 2013 to November 30, 2013.

Subject: RE: Calibration Reports

Shelly,

I would like to request an extension for our St Paul Registration for 1 month
Weights are scheduled for certification on October 25 after which a copy of the certification will be sent to you so we can be recertified
We don't believe it will take a month but not sure how quickly we can get the documents of weight certification from state

Appreciate your consideration for extension, and if you have any questions or concerns do not hesitate to call

Thank you

John Cerrone
