Mr. Darrell Nitschke
Executive Secretary
North Dakota Public Service Commission
600 E. Boulevard, Dept. 408
Bismarck, North Dakota 58505-0480

Re: Boomerang Wireless, LLC; Case No. PU-13-203

Dear Mr. Nitschke:

The North Dakota Public Service Commission entered its Order on October 9, 2013, designating Boomerang Wireless, LLC as an Eligible Telecommunications Carrier (“ETC”) for the purpose of receiving federal universal service support for low-income consumers. As noted in the Commission’s Order, Boomerang requested “ETC designation in all North Dakota telephone exchanges, including tribal exchanges.” In designating Boomerang as an ETC, the Commission stated “(t)he designated service area in this proceeding consists of all study areas in North Dakota.” The Commission’s Order also recognizes that “Boomerang has resale agreements with Sprint and Verizon, and will be using their networks, as well as other GSM carriers’ networks to provide wireless services in North Dakota.” On March 20, 2015, we notified the Commission by letter in this Case No. PU-13-203 that Boomerang would begin using the underlying service of T-Mobile, an additional GSM carrier, for the provision of telecommunications services to end users in North Dakota.

The purpose of this letter is to notify the Commission that Boomerang has now obtained access to the AT&T network via its Mobile Virtual Network Enabler and, therefore, it is expanding its coverage area throughout North Dakota, effective immediately. This represents the addition of an underlying carrier to supplement Boomerang’s coverage, but it does not represent a change in the approved service area, offering terms, conditions or rates.
