Re: Boomerang Wireless, LLC d/b/a enTouch Wireless;
Case No. PU-13-203

Dear Mr. Nitschke:

On behalf of our client, Boomerang Wireless, LLC d/b/a enTouch Wireless (“Boomerang”), we are updating the Commission regarding Boomerang’s plans to continue to serve as an Eligible Telecommunications Carrier (“ETC”) providing Lifeline services to all qualifying residents in the State of North Dakota. Following the Federal Communication Commission’s Universal Service Fund Reform Order dated March 31, 2016, Boomerang has conducted an analysis and is pleased to announce that the Company expects to meet all required benchmarks for provision of voice and data services as stated in the FCC’s Lifeline Reform Order. Boomerang remains ready, willing and able to meet the communication needs of the low-income Residents of your state.

In the coming months Boomerang expects to notify the Commission of its updated plan offerings. If you have any questions or need additional information, please call me or Boomerang’s Regulatory & Compliance Officer, Julia Redman-Carter at 319-743-4640.

Sincerely,

J. Andrew Gipson
